ESHI EDUCATIONAL COURSE

HYBRID IMAGING IN ONCOLOGY

December 14-15, 2017
Vienna/Austria

In partnership with

COURSE INFORMATION

COURSE DESCRIPTION

This course is aimed at last-year residents, general radiologists, nuclear medicine physicians and oncologists who want to update their knowledge on state-of-the-art hybrid medical imaging of cancer, with a focus on the latest technological advances and clinical applications. No previous practical experience with the subject is required.

The expert faculty includes nuclear medicine physicians and radiologists, as well as physicists and radiopharmacists, who will provide a series of lectures describing imaging pathways for oncological diagnosis, follow-up and treatment response assessment. Lectures will be followed by interactive workshops, presented jointly by faculty specialists.

COURSE ORGANISERS

Prof. Dr. Thomas Beyer &
Assoc.-Prof. Dr. Marius Mayerhöfer,
Medical University Vienna, Austria

LEARNING OBJECTIVES

- to learn the principles of hybrid medical imaging
- to learn the key clinical questions at different points in the patient's journey
- to understand the indications, limitations and comparative merits of each part in hybrid medical imaging in a wide range of oncologic conditions, including lymphoma, prostate cancer, gynaecological cancers, as well as brain tumors
- to appreciate the complementary roles of structural and functional/molecular imaging in cancer management
- to understand the importance of standardized protocols for hybrid imaging, and the clinical impact of structured reporting
- to understand how information derived from imaging guides patient selection for treatment and supports individualised treatment planning

GENERAL INFORMATION

COURSE VENUE

Tech Gate Vienna
Donau-City-Straße 1
1220 Vienna

REGISTRATION

You can find an online registration form on the ESHI website:
www.eshi-society.org/courses

There, you will also be able to indicate whether you would like to join the optional site visit.

REGISTRATION FEES

	Early fee*	Late fee
Non-members	EUR 400	EUR 450
ESHI members	EUR 300	EUR 350
ESHI members in training	EUR 200	EUR 250

*Early fee applies until November 2, 2017

PROGRAMME

THURSDAY, DECEMBER 14, 2017

- 09:00-12:00 Optional site visit at Medical University Vienna:
PET/CT, SPECT/CT, PET/MR
- Join a guided tour through the Radiology and Nuclear Medicine department at the Medical University Vienna and experience the daily work on PET/CT, SPECT/CT and PET/MR Scanners from admission of a patient to diagnosis.
- There will be 3 tours à 45 minutes. Places are limited!
- 12:00-13:00 Registration
- 13:00-14:00 Introduction to Hybrid Imaging
Technology - Thomas Beyer, AT
Tracers - Markus Mitterhauser, AT
- 14:00-15:00 Lymphoma
Marius Mayerhöfer, AT
- 15:00-15:30 Coffee Break
- 15:30-17:00 Hands on Sessions
Artifacts and Pitfalls - Thomas Beyer, AT
Lymphoma - Marius Mayerhöfer, AT

FRIDAY, DECEMBER 15, 2017

- 08:30-9:30 Brain Tumours
Ian Law, DK
- 09:30-10:30 Prostate
PSMA - Matthias Eiber, DE
Study - Markus Hartenbach, AT
- 10:30-11:00 Coffee Break
- 11:00-12:30 Hands on Session
Brain Tumours - Ian Law, DK
Prostate - Matthias Eiber, DE
- 12:30-13:30 Lunch Break
- 13:30-14:30 Gynaecologic Cancer
Vicky Goh, UK
- 14:30-15:30 Standardised Imaging and Structured Reporting
Standardised Imaging - Ivo Rausch, AT
Structured Reporting - Luis Curvo-Semedo, PT
- 15:30-16:00 Coffee Break
- 16:00-17:30 Hands on Sessions
Gynaecologic Cancer - Vicky Goh, AT
Standardised Imaging - Ivo Rausch, AT
Structured Reporting - Luis Curvo-Semedo, PT
- 17:30-18:00 Final Test (multiple choice questions)
- 18:00 Farewell and Certificates

JOIN THE FASTEST GROWING HYBRID IMAGING COMMUNITY IN EUROPE FOR ONLY €10 PER YEAR!

MEMBERSHIP BENEFITS

- Representation of hybrid medical imaging on a European level
- Enjoy free webinars on Hybrid Imaging
- Benefit of reduced fees for courses and workshops
- Receive the regular ESHI Newsletter
- Support education and training in Hybrid Imaging
- Certificate of membership

HOW TO JOIN ESHI

Apply for membership online at www.eshi-society.org
